## \$1000 REWARD

Is offered as a guarantee that neither Dr. Pierce's Favorite Prescription

nor Dr. Pierce's Golden Medical Discovery contains alcohol, opium, or any harmful drug. Any one publishing false statements concerning their ingredients will be prosecuted. Doctor Pierce's Family Remedies are compounds of medicinal principles, scientifically extracted from native roots that cure the diseases for which they are recommended. They are medicines which have enjoyed the public confidence for over a third of a century. They are medicines not beverages, made to satisfy a craving for "booze."

"Golden Medical Discovery" regulates and invigorates stomach, liver and bowels, and cures dyspepsia, purifies the blood and tones up the system generally. "Favorite Prescription" cures female weakness, irregularities, exhausting drains, painful periods and kindred ailments peculiar to women. Accept no substitute for these medicines, each of which has a record of marvelous cures. Substitution means selfishness on the part of the dealer who is looking for the greater profit on an inferior article.

"Our daughter who was attending college became very nervous and we were advised to try Dr. Pierce's Favorite Prescription," writes Mrs. M. C. Fox, of 55 E. Leonard St., Grand Rapids, Mich. "We did so and then you advised us to get the 'Golden Medical Discovery' also. She took four bottles of the 'Prescription' and three of the 'Golden Medical Discovery,' and you never saw such a change in a person. She said she did not feel like the same person. She was about seventeen years old at the time. I will gladly recommend Dr. Pierce's medicines to every one. I advise parents who have young daughters who suffer from nervous troubles to try Dr. Pierce's Favorite Prescription at once. I am sure it will help them."

**\$50,000 GIVEN AWAY.** In copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at \$1.50 per copy.

Last year we gave away \$50,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this bounty? If so, send only 21 one-cent stamps to cover cost of mailing only for book in still paper covers, or 3 stamps for cloth-bound. Address Dr. E. V. Pierce, Buffalo, N. Y.

## THE POWER OF STEAM.

Many May See That It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of the puff, puff, puff, and consequent balancing, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural condition.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

## STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weak, and become diseased.

## Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

## GIRL'S HEROISM.

But for heroism and cool judgment displayed by 16 years-old Annie Korbel, under circumstances that would have unnerved many older and stronger than she, the fire which at an early hour yesterday morning destroyed the home of her father, Joseph Korbel, in Philadelphia, would have snuffed out the lives of several members of her family.

While the lower part of the two-story and attic frame home of the Korbels was a roaring mass of flames, and while dense smoke filled the rooms in which Korbel and his wife and four young children slept, unconscious of their danger, Annie Korbel, at the peril of her life, ran from room to room arousing parents, sisters and brothers, and then, unaided, got the young members of the family to places of safety.

Annie, who was sleeping in an attic room, was awakened at 4:30 a. m. by suffocating smoke which filled her room. Clad only in her night robe the girl left her room and went to the second floor.

Upon looking down the staircase she saw that the first floor apartments were in flames. The fire, which had started in the kitchen, had spread to the front room, and was eating its way to the stairs, the only egress from the upper floors.

The girl's first act was to awaken her father. Korbel, not knowing the extent of the blaze, ran downstairs instead of making provision to get his wife and children out of the burning house. In his haste he fell and fractured both wrists, rendering him helpless as a rescuer.

When Mrs. Korbel was aroused by Annie she became terror-stricken and hysterical. Annie alone remained cool. Taking a four-months-old infant from the bed her mother had left, she hastily wrapped it in a sheet to protect it from the smoke which was becoming denser each second, and carried the child through a window to a rear shed.

Attaching the end of another sheet to the child, Annie led it on the roof of the shed and escaped to the alley.

Upon her orders one of the other children who had followed the heroine to the shed lowered the babe into the arms of Annie, who carried it to the alley.

Returning to the yard, Annie commanded the three children to jump from the shed. One after the other they leaped. Each was caught by Annie and sent into the homes of neighbors.

While the work of rescue was going on Mrs. Korbel, almost frantic from terror, was running wildly about the burning house, Annie and her father, in spite of his injuries, burst in a door and passed through the flames to reach Mrs. Korbel, who was dragged from the burning dwelling to a place of safety. Just as Mrs. Korbel was led from the house the firemen arrived in response to an alarm sent in. The flames were not extinguished until the fire had destroyed everything but the outside shell of the house.

## Friction Over Tripoli.

For two weeks public opinion in Rome has been exercised over the report (denied by the government) that the Sultan of Turkey had granted a concession for the construction of a port at Tripoli to a French company, with rights of exploitation for 92 years, which caused apprehension among the public that France would end by taking Tripoli as she took Tunis. The result was that several interpellations of the government on the subject were presented in the Italian Senate yesterday, and Foreign Minister Tittoni made an important statement saying that compulsory reserve prevented him from touching on such agreement concluded, but he could assure the Senate that all the powers interested in the Mediterranean recognized explicitly the paramount rights of Italy over Tripoli. But he added, Italy will not occupy Tripoli except in the event of the circumstances rendering such action absolutely necessary—namely, if the equilibrium in the Mediterranean is disturbed by her detriment.

Italy, continued the Foreign Minister, recently asked for an explanation of Turkey in regard to the report that a concession of the port of Tripoli had been granted to a French company, adding that if the statement was true Italy would be compelled to adopt energetic measures. The Sultan answered in his own name that the report was not true; that no concession had been granted or asked for, and that the Sultan does not intend to build a port there, and that even if he wished to do so he would never grant the privilege to foreigners, but would do the work himself.

## Disorders in Chicago.

Representatives of labor abandoned their plan of petitioning President Roosevelt while in Chicago yesterday to a settlement of the strike and attempts were made to keep down disorders while the President was in the city, but in spite of the strike leaders, some encounters and shooting occurred, and several people were more or less injured. A disturbance on State street required the services of fifty policemen. The shooting and the combats drew a great crowd about the place and stopped traffic in the street.

Eight hundred pupils of the Hendricks Public School, at Forty-third street and Princeton avenue, went on strike because a colored teamster for the Peabody Coal Company delivered a load of coal at the building. Many teamsters stopped near the school and prompted the pupils in their "strike." Police sent to the school are alleged to have used clubs on more than one pupil. The crowd quickly scattered.

## Hoopskirts Redivivus

Hoopskirts again have made their appearance in Chicago. The latest coming out of the antebellum article was at the weekly meeting of the Chicago Dress-makers' Club at the Stratford Hotel.

Mme. M. J. Hosac, president of the club, had a special design of hoopskirt, which she demonstrated on the form of Miss Anna Schubert, a model.

"I will show that this hoopskirt is not the old, Johnnie-comes-marching-home sort, but, of course, we can't say how far it will develop," said Mme. Hosac, as she led Miss Anna to a chair and seated her with comfort, her skirts still on the floor in front.

"The old sort, you know, used to fly up in front, but that was before dressmaking got to the fine art as it is today. Now we can make hoopskirts supply the full effect around the hips and still leave it possible for the wearer to climb on street cars, get in and out of her carriage and do any other thing that it would be possible to do with the other sort of skirts."

The dressmakers say the hoopskirt is going to be all the rage in Chicago in a short time.

## Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly have her bed, and five physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.
